## 1 | Message to USTF Students

USTF Student Handbook can be used as a quick-reference guide to student life at USTF as it provides answers to many of the questions that students ask. It gives general information about the university, the programs offered by each of the eight colleges in USTF, admission and registration procedures, and the key regulations that are relevant to students.

## 2 | USTF History

The establishment of the University of Science and Technology of Fujairah (USTF) comes as a response to the importance His Highness Sheikh Khalifa bin Zayed Al Nahayan, President of the United Arab Emirates (UAE), attaches to education, and in particular to higher education. In light of this, and to assist the development of the UAE and the region, His Highness Sheikh Hamad bin Mohamed Al Sharqi, Member of the Supreme Council, Ruler of Fujairah, gave his blessing to the foundation of USTF as a full-fledged and independent university.

University of Science and Technology of Fujairah (USTF) replaced Ajman University (AU) - Fujairah Campus, which was launched in 2000. The timing of the launch of the University made it a pioneering force on the higher education scene as it was the first private University established in the eastern region of the UAE. The history of the University in creation and development of various programs and colleges demonstrates USTF efforts to promote high quality in education and to serve the needs of the region. As an independent university, USTF will continue to remarkably enhance and solidify its elite reputation among national and regional universities.

## 5 | Admission and Registration

### 5.1 General Admission Conditions

Applications for admission can be submitted online to the Office of Admissions and Registration prior to the beginning of each semester. To be eligible for admission, a student must have a secondary school certificate issued in the UAE, or its equivalent as approved by the UAE Ministry of Education (MOE). The USTF Council for Academic Affairs (CfAA) determines the number of students to be admitted to each degree program each semester, according to the university’s available resources, in light of the CAA ceiling (the number of students admitted to each degree program decided by the CAA of the MOE in the UAE).

#### Holders of UAE Secondary School Certificate

##### Advance Stream

- Holders of a Secondary School Certificate (SSC), Science Section, or Advanced Stream (MOE), or equivalent, are eligible for admission in any college of the University if they satisfy the minimum score requirement for the degree program.

##### General Stream

- Holders of a Secondary School Certificate (SSC), literary section, or General Stream (MOE), or equivalent, are eligible for admission in colleges of Engineering and Information Technology; Architecture, Art, and Design; Business Administration; Humanities and Sciences; Mass Communication and Law, according to the percentage grade illustrated in Table 2.1.

The decision to admit a student is made on a competitive basis, taking into account the number of available seats as determined by the individual college and the applicant’s final secondary school examination score.

### Holders of Foreign Secondary School Certificates

Applications made by holders of foreign secondary school certificates will be considered in case of compliance with the terms and condition mentioned in the Ministerial Decision Number 4443 for the year 2001, and the Ministerial Decision Number 199 for the year 2019, regarding the Equivalency of Foreign Secondary School Certificates obtained inside or outside the UAE (Link: <https://u.ae/ar-ae/information-and-services/education/school-education-k-12/joining-k-12-education/equalising-high-school-certificates>). USTF accepts students holders of foreign secondary school certificates, subject to:

- The certificate is awarded after at least 12 years of schooling.
- Submission of an equivalency certificate from the MOE in the UAE.

## 5.2 English Language Proficiency

Full admission to programs where the medium of instruction is English is given only to applicants with a score of at least EmSAT English 1100, or TOEFL 500 (paper-based test), 61 in TOEFL (iBT), 7 Band 5 in IELTS (Academic). English Proficiency scores are accepted only if they were obtained less than two years from the admission date. Institutional TOEFL score is considered only when the test is taken at an AMIDEAST Center.

Students who do not satisfy the above-mentioned minimum English proficiency requirement may begin their studies with a conditional admission. During their first semester, holders of TOEFL, with a score between 450 and 499 or equivalent, will be required to enroll in the Intensive English Program (IEP) offered by the College of Humanities and Sciences, until they obtain at least 1100 in the EmSAT, or its equivalent. Admitted students with a score below 450 (TOEFL) or equivalent are required to enroll in an English preparation course (lower level) at USTF Continuing Education Center (CEC).

## 5.3 Admission on Probation

According to the CAA directions regarding Accreditation of Foundation Programs for Undergraduate Admission, USTF does not accept applicants holding a high-school score below the required admission score less than 60%. However, USTF can accept on probation basis students holding MOE-accredited higher diploma certificate, subject to achieve an overall CGPA of C at the end of his first semester at the University.

## 5.4 Re-Admission

New students who have missed two consecutive semesters of enrollment (excluding the summer semester) at the University may apply for re-admission by completing the re-enrollment form which is available from the Office of Admissions and Registration, and must satisfy admission requirements in effect at the time of re-admission. A new university Identification Card (ID) will be issued and the student should pay the non-refundable fee for the application.

Former students who have missed more than two consecutive semesters of enrollment at the University may apply for re-admission provided that they achieve the following:

- The required average in secondary school certificate.
- A valid English Proficiency Certificate with the required score.
- Availability of vacant seats in the major.
- Approval of the College Dean and Director of the Office of Admissions and Registration (OAR).
- Payment of all debts.

A new university ID will be issued, and the student should pay the non-refundable fee for the application. If the Dean of the previous college and the (OAR) accept the student to continue in the same major, the previous courses which the student has studied will be considered if they are included in the new study plan.

#### **Important Notes:**

- If the student was warned, he/she must transfer to another program providing that his/her CGPA for the courses to be transferred is 2.0 or higher.
- If the student can graduate within the time allowed for completion of a degree program, re-enrollment of the student with the same ID and in the same program will be considered after the payment of the required fees.

### **5.5 Transfer Students from Accredited Institutions**

Students from accredited institutions of higher education may apply for admission in one of USTF programs in the same field of study if they have been of good academic standing, i.e., their Cumulative Grade Point Average (CGPA) is a least 2.0 on a scale of 4.0, or the equivalent, and if they are eligible to return to their current or formal institution (they have not been subject to disciplinary dismissal). However, those students who have not been of good academic standing (i.e. those with a CGPA of less than 2.0 on a scale of 4.0), will be allowed to transfer only to programs in a different field from the one in which they were enrolled at the institution they previously attended. Any transferred student is required to meet the English Language Proficiency condition.

The transfer of credited courses is considered for students who are transferring to a similar program to the one studied previously if:

1. Their cumulative grade point average is at least 2.0 on a scale of 4.0, or the equivalent.
2. The number of credit hours for the course is not less than that of the USTF equivalent course.
3. The grade obtained on the previous course must have been at least C (2.0 on a 4.0 scale) irrespective of the course status (Satisfactory, Good, etc.), or the grade that corresponds to "Merit/Good" for institutions using a different grading scale.

4. The course content at the institution previously attended should be similar to that of the corresponding course offered at USTF

If the transfer of a student with a CGPA less than 2.0 is accepted in a program within a different field of study, the transfer of credited General Education courses may be considered if points 2-4 listed above are fulfilled. If a student meets these transfer conditions but is unable to submit the course content that was covered previously, he/she may sit an examination set by the College after payment of a fee. The examination result will be used to determine whether the course will be transferred or not.

Only grades obtained from courses taken at USTF will be taken into account in the calculation of a student's CGPA, i.e.: grades obtained from transferred courses at the previous institution will not be taken into account in the computation of the CGPA at USTF.

It is important to note that USTF does not grant transfer students a degree unless they successfully complete at least 50 percent of the credit hours of the program, including the majority of the final year courses at USTF.

Students admitted to Colleges of Dentistry are required to pay a seat reservation deposit of 8000 AED. This deposit is non-refundable and non-transferable and must be paid before the deadline stated on the letter of admission. This deposit is deductible from the student's fee once the applicant joins USTF. If the student asks to defer admission to the following semester and the request is approved, the deposit will be applied to the following semester.

## 5.9 Course Registrations for New Students

Newly-admitted students who have a TOEFL score of at least 500 or its equivalent will be allowed to register for between nine and 18 credit hours according to their study plan.

Newly-admitted students who have a TOEFL score of between 480 and 499, or its equivalent, will be allowed to register up to nine credit hours according to their study plan, subject to concurrent registration in the Advanced Level of the Intensive English Program (nine hours per week), which is offered by the College of Humanities and Sciences.

Newly-admitted students who have a TOEFL score of between 450 and 479 or its equivalent will be allowed to register for up to six credit hours according to their study plan subject to concurrent registration in the Intermediate Level of the Intensive English Program (15 hours per week) which is offered by the College of Humanities and Sciences.

Newly-admitted students who have a TOEFL score less than 450 or its equivalent, will be allowed to register for a three-credit hours course according to their study plan subject to concurrent registration in the Lower Level English Program (15 hours per week) which is offered by USTF Continuing Education Center (CEC).

### Load of New Students According to their TOEFL Score or its Equivalent

Number of university Credit Hours Permitted	Number of IEP Hours Required	TOEFL (CBT)	IELTS (Academic)	TOEFL (iBT)	TOEFL (PBT)	EmSAT Achieve English
9-18	None	173	5	61	500 or more	1100
Not more than 9	9		4.5	54-60	480-499	950
Not more than 6	15		4	45-53	450-479	825
3	15		Below 4	Below 45	Below 450	Below 825

**Important:** Students are allowed to complete at most 15 credit hours before fulfillment of English Language Proficiency. If they complete 15 credit hours without achieving 500 in TOEFL or its equivalent, they will only be allowed to register in the appropriate IEP program the following semester.

If the student does not achieve the 500 TOEFL score in the two semesters after his/her admission, the College Council may consider dismissal of the student from his/her program. In this case, the student may be allowed to transfer to a program taught in Arabic if he/she satisfies its admission conditions.

Once a student's selected courses have been approved by the academic advisor, and on payment of the tuition fees, the student will be given a timetable which states the name of the courses, the schedule of classes, the name of the lecturer and the number of the classroom or the laboratory in which the course is held.

## 5.10 Course Registration for Continuing Students

Colleges encourage non-warned students to use the early registration period to select courses in consultation with their academic advisors. The early registration period is specified in the academic calendar. Warned students and students who did not benefit from the early registration phase can register during the registration week.

Registered USTF students may take some courses outside USTF provided that they obtain the prior approval of the College Dean and Office of Admissions and Registration. Acceptance of the transfer of external courses is conducted according to the Transfer Admission Policy.

## 5.11 Adding and Dropping Courses

Students may add or drop courses only with the approval of their academic advisors. Students who add and drop courses during the approved period will not lose the fees paid for dropped courses. When adding/dropping courses, students should bear in mind that the minimum number of credit hours for which they may register is nine. The academic calendar specifies the period allocated for dropping courses without affecting the student's academic record, but without refund of fees. The academic calendar also specifies the last date for withdrawal from a course with a "W" grade without refund of fees. In this case, the course appears in the transcript with the letter "W" with no effect on the computation of the semester Grade Point Average or the semester GPA.

## 5.12 Study Load

A student's "study load" is the number of credit hours for which he or she is registered during the semester. For the fall and spring semesters, the study load varies from 9 to 18 credit hours, where one credit hour refers to one lecture hour or two hours of practical study per week, lasting for fifteen weeks. For summer semesters, the study load varies from three

to six credit hours. Students may increase their study load to up to twenty-one credit hours in the fall and spring semesters in the following cases:

- Dentistry students
- The student's CGPA was at least 3.6 in the preceding semester
- The student is expected to graduate at the end of the semester and his/her CGPA is at least 2.0

A student's study load is up to six credit hours in a summer semester. However, independently of their academic standing, students will not be allowed to sign up for more than 12 credit hours during the two summer semesters of the academic year.

### 5.13 Time Allowed for Completion of a Degree Program

The maximum time allowed for a student in which he/she may complete a degree program is a maximum of double the regular number of required semesters. In other words, a four-year bachelor degree must be completed in a maximum of 16 regular semesters of enrolment in the program. The minimum time allowed to complete a degree for non-transfer students is a minimum of six regular semesters for four-year programs and eight regular semesters for five-year programs.

The maximum and minimum number of semesters of enrolment for transfer students is determined after the deduction of the number of earned/transferred semesters (15 credits correspond to one semester) from the above limits. Suspended semesters are not counted in the time allowed for students to complete their degree.

### 5.14 Suspension of Registration

Newly-admitted students can suspend their study only in their first semester, and they should register courses in the next semester. Otherwise, he/she should apply for new admission. The total number of semesters for former students that can be suspended is four. However, suspension of registration for more than two consecutive semesters is not allowed. In all cases, the Office of Admission and Registration should be notified in writing.

### 5.15 Right to Cancel Registration

The University reserves the right to cancel an offer of admission if the applicant fails to satisfy all requirements, or if it is found that admission was obtained through the use of incomplete, falsified or altered information. In the case of withdrawal of registration from a matriculated student, credits earned at USTF will be withheld and no transcript will be issued to the student.

## 6 | Orientation for New Students

USTF gives special attention and assistance to new students to ease the transition between life at high-school and that of the University. At the beginning of each semester, USTF organizes orientation sessions for new students which enables them to meet the Vice Chancellors, Deans of the Colleges, Admission and Registration personnel and Deanship of Students Affairs staff. This orientation also provides students with essential information about course registration, academic advising, important deadlines and other related matters.

Progress reports will be sent to the Dean.

## **8 | Change of Major**

### **8.1 New Students**

First-semester students may apply to transfer from one major to another within the University during the add and drop period. The application is processed through the Office of Admissions and Registration provided that:

1. The applicant meets the admission requirements of the degree program to which he/she is applying.
2. There is availability of seats.

- Approval of the deans of both colleges concerned is obtained, along with approval from the Director of the Office of Admission and Registration.

## 8.2 Transfer between Programs

Students may transfer from one program to another within the University provided that they satisfy items 2 and 3 of section 3.16. In addition, they must satisfy the following:

- The preceding semester's GPA should be equivalent to that required by the new program; and
- The application for transfer should be submitted within the period specified in the academic calendar.

# 9 | Academic Evaluation and Assessment

## 9.1 Course Assessment

In each registered course, a student's performance is assessed according to a procedure established by the college concerned, and explained in the course plan. The overall score is normally distributed as follows: (a) Semester tests and activities (50%), (b) Mid-Semester examination (20%), and (c) Final examination (30%). The score for semester tests and activities includes marks for tests, quizzes, assignments, research and laboratory work. The pass mark in each course is sixty percent.

## 9.2 Grading System

Merit	Grade		Mark
	Point	Letter	
From 90 to 100	A	4.0	Excellent
From 85 to 89	B+	3.5	Very Good (High)
From 80 to 84	B	3.0	Very Good
From 75 to 79	C+	2.5	Good (High)
From 70 to 74	C	2.0	Good
From 65 to 69	D+	1.5	Pass (High)
From 60 to 64	D	1.0	Pass
Less than 60	F	0	Fail

## 9.3 Semester Grade Point Average

The semester GPA indicates student performance during the semester, and is calculated as follows: the total of the grade point of each course taken in the semester multiplied by its credit hours, divided by the total number of credit hours registered in the semester. For example, if a student obtains the results as set out in the table given below, his/her semester grade point average will be computed as follows:  $GPA = 54/18 = 3$ . The following table summarizes the calculations described above.

Subject	Credit Hours	Points	Product of Credit Hours by Point Grade
Mathematics 1	3	3	9
Statistics	3	2	6
Physics I	3	3	9
Islamic Culture	3	4	12

Arabic Language	3	4	12
Psychology	3	2	6
Total	18		54 points

## 9.4 Cumulative Grade Point Average

The CGPA indicates the student's average performance over all semesters up to the final or current semester. It is calculated as follows: the total of the point grade of each course taken to date, multiplied by its credit hours, divided by the total number of credit hours taken. If a student repeats a course in which he/she obtained an "F" grade, or does so in order to improve his/her CGPA, the last grade obtained will be considered in the calculation of the CGPA regardless of whether the last grade is higher than the original one or not. However, the original grade will continue to appear in the academic record without affecting the calculation of the CGPA.

The CGPA is also used for academic probation as follows: starting from the end of the second semester of study, if the student's CGPA is less than 2.0, he/she will be regarded as an "academically-warned" student and will be requested to improve his/her academic performance to raise the CGPA to 2.0 or higher.

A student will not be allowed to graduate unless his/her CGPA is at least 2.0, even if he/she has passed all required courses of the program of study. In this case, and in consultation with the academic advisor, the student must repeat a number of courses of the study plan in order to raise his/her CGPA to 2.0 as a minimum.

## 9.5 Incomplete Grade

Attendance of the final examinations is compulsory. Failure to attend will result in the student failing the course. However, if a student does not attend the final examination due to an emergency and he/she scored at least 30 out of 70 in coursework (tests and midterm examination) the course may be considered as "incomplete." Acceptable evidence for failure to attend a final examination due to an emergency consists of the following:

- illness certified in a medical report approved by the university Clinic;
- death certificate of a first or second degree relative;
- arrest or summons before a court or other legal body; and
- other excuses accepted by the College Council.

In these cases, the student must complete and submit a request form within the specified period in the academic calendar. He/she also must present the relevant documents to the Office of Admissions and Registration. Applications will be processed only if the student has no financial obligation to the University and has paid the fee for an "incomplete request." Applications submitted by students with a 25 percent absence warning will not be accepted.

A student whose course result is "incomplete" must take the final examination before the end of the first week of the following semester in which he/she registers, as shown in the academic calendar.

## 9.6 Examination Re-sits

If a student passes all but one of the courses required for graduation, and if this course is from the last semester, he/she will be allowed to re-register for that course. In this case, there is a charge of 50 percent of the course fees and the student must re-take the final examination before the beginning of the following semester.

## 9.7 Complaints about Grades

Complaints regarding final examination results must be lodged within a period of 15 days following the announcement of examination results. Students should complete and submit a Complaint Form to the Office of Admissions and Registration after the payment of the required fees. The form will be transferred to the concerned college where an appropriate decision will be made. The Office of Admissions and Registration notifies students, in due course, of the outcome of their applications.

# 10 | Supervised Credit-Earning

Colleges may approve supervised credit-earning on selected courses designed for advanced undergraduates that have completed 50 percent of the required credits for graduation. The purpose of such courses is to make it possible to study all the units of a course under the supervision of a faculty member on a meeting session basis. The schedule of these meetings should not be less than 15 contact hours per semester.

The supervised work should cover all the content of the course and meet its learning outcomes. The supervisor must ensure that the course is devoted to advancing students' knowledge and skills as required in the course outline. Reasons why a student may wish to take a supervised study course include:

1. Adjustment of his/her study plan by completing a specific course which is not offered in that semester;
2. Completion of a course which is not offered but it is required for graduation during the final semester; and
3. Gaining additional knowledge and practical experience in designing, conducting, analyzing and documenting coursework.

A maximum of nine credit-hours of supervised study can be taken during a student's undergraduate degree program. A student may not register for more than three credit hours of supervised study per semester. The assessment of the course will be conducted as follows:

1. Students will be required to sit for a written exam to be evaluated by the supervisor. This exam will be weighted at 20% of the final course mark;
2. At the end of the semester, students will submit a written report to the supervisor detailing the work carried out. This report will be weighted at 50% of the final course mark; and

3. Students will present their work to an internal examiner who will not be the supervisor. The oral presentation will be weighted at 30% of the final course mark;

The student's final grade for the supervised study course will be determined by the student's supervisor and the internal examiner after evaluation of the student's work, written report, oral presentation and response to questions.

## 11 | Attendance Policy

Attending classes is compulsory for all courses. A student will not be allowed to take the final examination if he/she has missed 25 percent of the classes in a given semester. Absence warning policies are set out below:

1. If a student is absent for 10 percent of theoretical and practical class hours, the lecturer will issue a 10 percent absence warning.
2. If a student is absent for 20 percent of theoretical and practical class hours, the lecturer will issue a 20 percent absence warning.
3. If a student is absent for 25 percent of theoretical and practical class hours, the lecturer will issue a 25 percent absence warning and the student will receive the grade of "F."

The Council for Academic Affairs (CfAA) may consider a student's withdrawal from the course if sufficient and convincing reason for the absence is submitted to it by the Office of Admissions and Registration.

## 12 | Academic Probation

If a student's CGPA falls below 2.0 in any regular semester, starting from his/her second semester at the University, he/she will receive an academic warning. The Academic Advisor will notify the student to submit a letter of undertaking to raise his/her CGPA to at least 2.0 in the following semester.

A student on probation must raise his/her CGPA to at least 2.0 within two semesters, not including the summer session.

The study load of warned students will be reduced, as follows:

1. **First warning:** a maximum of 15 credit hours of which three or six credit hours are repeated (the priority is to repeat all the courses with grade F, D or D<sup>+</sup> then register for new courses) depending on the CGPA and the previous semester's GPA.
2. If, following the first warning, the student has still failed to raise his/her CGPA to 2.0 or higher at the end of the following semester (excluding the summer semester), the second warning will be issued.
3. **Second warning:** a maximum of 12 credit hours of which six or nine credit hours are repeated (the priority is to repeat all the courses with grade F, D or D<sup>+</sup> then register the new courses) depending on the CGPA and the previous semester's GPA. Study load can be raised by 2 credits at the request of the Dean.

If, following the second warning, the student has still failed to raise his/her CGPA to 2.0 or higher at the end of the following semester (excluding the summer semester), the third warning will be issued.

**Third warning:** this case will be reviewed by the College Council. The Council may take one of the following actions:

- Transfer the student to another program provided that his/her CGPA for the courses to be transferred is 2.0 or higher.
- Allow the student to study outside the University for one academic year (This option is open only for students who can raise CGPA to 2.0). After he/she raises CGPA to 2.0 or above, the student can continue in the same major at the University.
- If student's CGPA for the courses to be transferred is less than 2.0 and he/she will not be able to raise his/her to 2.0 or higher, even if he/she studied for an academic year outside the University, the student shall be dismissed from the University.

## 13 | Graduation Requirements

A student will be awarded a degree subject to fulfilling the following requirements:

1. Completion of all courses of the academic program
2. Completion of practical training as specified in the study plan
3. Achieving a CGPA of at least 2.0

The merit of the degree is determined according to the following Scaling System for Graduation:

Cumulative GPA	Merit
From 3.8 to 4.0	Excellent with Honor
From 3.6 to less than 3.8	Excellent
From 3.0 to less than 3.6	Very Good
From 2.5 to less than 3.0	Good
From 2.0 to less than 2.5	Satisfactory

## 14 | Double Concentration and Second Bachelor's Degree

### 14.1 Double Concentration

USTF students enrolled in a program with two or more concentrations are eligible to enroll for second concentration. Their application for double concentration must be submitted prior to the specified deadline, which is the last day of the 12<sup>th</sup> week of the semester preceding their expected graduation semester. The Dean of the college where student is enrolled shall make a decision on his/her admission to second concentration. The

primary academic advisor of the student will continue to serve as advisor for both concentrations.

The student must satisfy the requirements of both concentrations. However, courses that are common in both concentrations will be completed only once. It is important that prior to starting the second concentration, the student must obtain a list of required courses for successful completion of second concentration as approved by the Dean of the college where he/she is enrolled.

The student's transcript and degree certificate will indicate both concentrations completed at the time of graduation. For graduation, the student must obtain a cumulative GPA of at least 2.0 in all subjects related to the major with first concentration as well as a cumulative GPA of 2.0 in subjects required for the second concentration.

The cumulative GPA of the major with primary concentration shall be calculated based on all courses in the approved study plan of major for primary concentration. The cumulative GPA of second concentration shall be determined based on the list of courses approved by the Dean for successful completion of the second concentration. Both GPAs shall be mentioned in the transcript. Furthermore, the degree certificate shall mention the corresponding merit (Excellent, Very Good, Good, ...) for major with primary concentration as well as for second concentration.

## 14.2 Second Bachelor's Degree

Applicants who have earned a Bachelor's degree from University of Science and Technology of Fujairah or another accredited institution, recognized by the Commission for Academic Accreditation at UAE's Ministry of Education - Higher Education Affairs, may be admitted to a second Bachelor's degree provided they fulfill all admission requirements of the second Bachelor's degree. The second program must have at least 30 credit hours of unique subject-area courses. The admitted students must satisfy all degree completion requirements of the second Bachelor's degree. However, General Education courses completed during their first Bachelor's degree may be counted toward the second Bachelor's degree provided they are the same or substantially equivalent to those required in the second degree. Similarly, students may not be required to repeat those courses in the second degree program that have nearly the same contents as in some equivalent courses in the first degree program. However, prior to starting their second degree, the student must obtain a list of required courses approved by the Dean of the college where the student is admitted for second degree.

The cumulative GPA of student shall be determined based on the list of courses approved by the Dean for successful completion of the second degree program. A cumulative GPA of 2.0 is required for graduation.

## 15 | Student Records

Student records are kept at the Office of Admission and Registration and contain the following documents:

1. All the documents that were submitted for admission

USTF adopts an E-Learning Management System (Moodle) to enhance the teaching and learning process. It is a web-based application that allow instructors to deliver content and resources to students and manage their delivery. It provides easy ways for instructors to create and deliver their course content, communicate with students, and assess student performance. Students will be enrolled in all their courses automatically as the Moodle system is integrated with the registration system.

### **Improper Use of the Computer System:**

The Office of Information Technology (OIT) is neither an investigative nor a disciplinary entity in its primary responsibilities. However, in cases where university resources and privileges are abused or otherwise threatened, the Office may be asked to take appropriate action. Immediate revocation of access and subsequent prosecution by the authorities, for example, might be directed. Such revocation may be appealed to the IT committee.

Access to University computing and communications equipment and facilities may be revoked for reasons including, but not limited to:

1. Attacking the security of the system;
2. Modifying or divulging private information such as file or mail contents of other users without their consent;
3. Misusing or abusing Internet/Network by using Internet tools or software that may affect the performance of the Internet/Network;
4. Modifying or destroying university data; and

Any attempt to circumvent or disable Internet access controls set by the University or the government of the UAE is a violation of university policy and will result in a disciplinary action.

## 16.10 Library and Learning Resources Center

The literature relating to library and information science states that the effectiveness of the organization and its various activities cannot be determined without a statement of goals and objectives because, by definition, effectiveness is the degree to which a library accomplishes its stated objectives. The Association of College and Research Libraries (ACRL) Standards, anticipates that the mission, goals and objectives of a university library should support the mission of the parent institution and should be spelled out clearly so as to serve as a framework for its activities. Outcome assessment measures take into consideration the

library's dependence on technology, its increasing use of online services, its provision of information literacy skills and the budgetary split between print and electronic resources. The ACRL Standards require goals to be compatible and consistent with those developed by the institution. Assessment of the quality and effectiveness of the library should be linked closely with the specific mission and goals of the institution. The Office Information Technology at USTF should be involved in the overall planning process. These planning methods require input from a broad spectrum of the institution's community. Strategic planning that includes evaluation, updating, and refinement, provides an overall direction that helps to guide day-to-day activities and decisions.

### 16.11 Mission

The mission of the USTF Library and Learning Resources is to support the University mission in identifying, organizing, preserving and offering accessible resources which serve the needs of college members, students and the community at large. In addition, the library seeks to locate, acquire, organize and select the most appropriate material and make it accessible to users. It is also the mission of the library to build a comprehensive, balanced library collection and provide a good environment for reading, learning and research.

The upgrading and preserving of the library's information technology infrastructure to ensure prompt access to information and information services are also among the USTF library mission priorities.

### 16.12 Objectives

**The Goals and Objectives of USTF library are to:**

1. Provide library materials and databases that support the academic curriculum
2. Provide access to information resources, regardless of location
3. Collect library materials in all formats, broaden and update all collections to meet the needs of USTF programs and support the various aspects of the institution: teaching, training, research and services
4. Educate and assist faculty, students and staff in the identification and effective use of information resources
5. Continue to strengthen and update all collections to meet the needs of USTF programs
6. Preserve USTF collections and materials, and maintain and upgrade physical and technological infrastructure to enhance the quality of services
7. Recognize that a minimum acceptable standard is one resource per topic per student
8. Meet accreditation standards
9. Provide access to library resources and servers via web pages and online resources
10. Ensure that resources available are current, appropriate and accessible 24/7

11. Work closely with users; know their needs and interests
12. Put into practice the motto that building library resources is a continuous process
13. Enhance information literacy, especially in the student community, by developing effective plans aiming at improving student ability to:
  - a. Access information effectively and efficiently
  - b. Evaluate information and its sources critically
  - c. Understand economic, legal and social issues when using information
  - d. Use information critically and legally

## 18 | Safety

The University has taken measures to ensure the safety of all present on its campus. Although it has appointed a Safety Coordinator who is in the same time responsible of the Maintenance Unit. The work of this Unit is organized throughout coordination with other units and offices and has established a policy on Health and Safety. The University expects all its personnel and students to act in a safe and proper manner to minimize risks.

**All students are asked to:**

- Observe all relevant safety rules and instructions issued by the University;

- Keep safety notices, contact emergency numbers and first aid boxes in appropriate locations. Notices are also displayed for emergency exit routes and assembly points in the event of fire. Students are required not to tamper with these.
- Act responsibly, in case of fire or emergency evacuation, and to not endanger the lives of others. All should adhere to announced procedures.

Any person who, for whatever reason, because of impairment (for example requiring assistance to evacuate a building during an emergency situation), should inform the relevant safety personnel or the Deanship of Student Affairs.

**Safety Procedures for Labs**

Students are expected not to manipulate instruments, equipment and materials that are potentially hazardous. Students are required to read safety lab manuals (associated with all labs). Students shall not be allowed to participate in a lab unless they have demonstrated a clear understanding of the safety procedures involved. Students should not work alone in a lab in case of an accident or medical emergency. Inattention or disruptive behavior will not be tolerated in any lab. Repeated cases will be referred for disciplinary action. Equipment, tools and materials must be handled in a manner that is safe for the student as well as for other students and the instructor.

Safety arrangements are reviewed on a regular basis. Suggestions for improving these procedures are welcome. Students should contact the following numbers in an emergency: 092023375 - 092023700

## 19 | Deanship of Student Affairs

The Deanship of Student Affairs (DSA) is responsible for those aspects of student life which extend beyond the classroom. The DSA is committed to encouraging the personal development and growth of students through the organization of a variety of co- and extra-curricular activities, which include cultural, social, sport and entertainment programs. In addition, the DSA is responsible for the provision of a variety of services.

## 19.1 Divisions of the DSA

### Student Counseling and Services

The supervisor of Student Counseling and Services is dedicated to helping students address personal or emotional problems that hinder them in achieving a fully beneficial experience at USTF and realizing their full academic and personal potential. Student Counseling and Services utilize a service system that emphasizes trust, respect, confidentiality, and compassion. Its overall goal is to maximize student success by attending to any emotional or personal needs which may impede learning. Through personal counseling, students learn to take charge of their lives, acquire skills necessary for adjusting to the demands of university life, and overcome difficulties that may prevent them from meeting their academic and career goals.

#### **Student Counseling Policy:**

**Purpose:** The purpose of this policy is to establish guidelines for student counseling.

**Policy:** USTF offers quality services to students. To maintain high standards and fully address the personal growth, psychological needs, and emotional wellbeing of students, USTF provides student counseling services. The Counselor, faculty in charge of student counseling, makes assessment and provides individuals, and groups, experiencing personal problems with support and guidance and assists them in overcoming obstacles to their educational success.

**Personal Counseling:** Refers to one-on-one counseling with each student on a regularly basis. Students are seen for a multitude of issues that range from typical developmental challenges to more serious adjustment and mental health issues.

Listening to student complaints, working to find solutions, and informing parents about the academic status of their sons and daughters.

**Group Counseling:** Group interventions entail working with a small number of students who share similar concerns and treatment goals. Group counseling addresses either general or specific issues. This form of counseling facilitates the healthy exchange of experiences, provision of sympathy and support and the development of skills necessary for effective coping and problem solving.

**Eligibility:** Counseling services are available to all currently enrolled, graduate, and undergraduate students. There is no fee required from students to utilize this one-to-one counseling service provided by the Student Counseling and Services at the Deanship of Student Affairs.

**Confidentiality:** Any communication between a student and a counselor is considered confidential. The confidentiality of the counseling sessions is protected. No student

records are released to others (even within the university community) without the written consent of the student. If it becomes clear in the counseling session that there is a real danger to oneself or to others, the counselor is required to inform the Dean of Student Affairs, to a parent or someone close to the student. The confidentiality rule does not apply in this case, but should go no further than the persons mentioned.
