Introduction

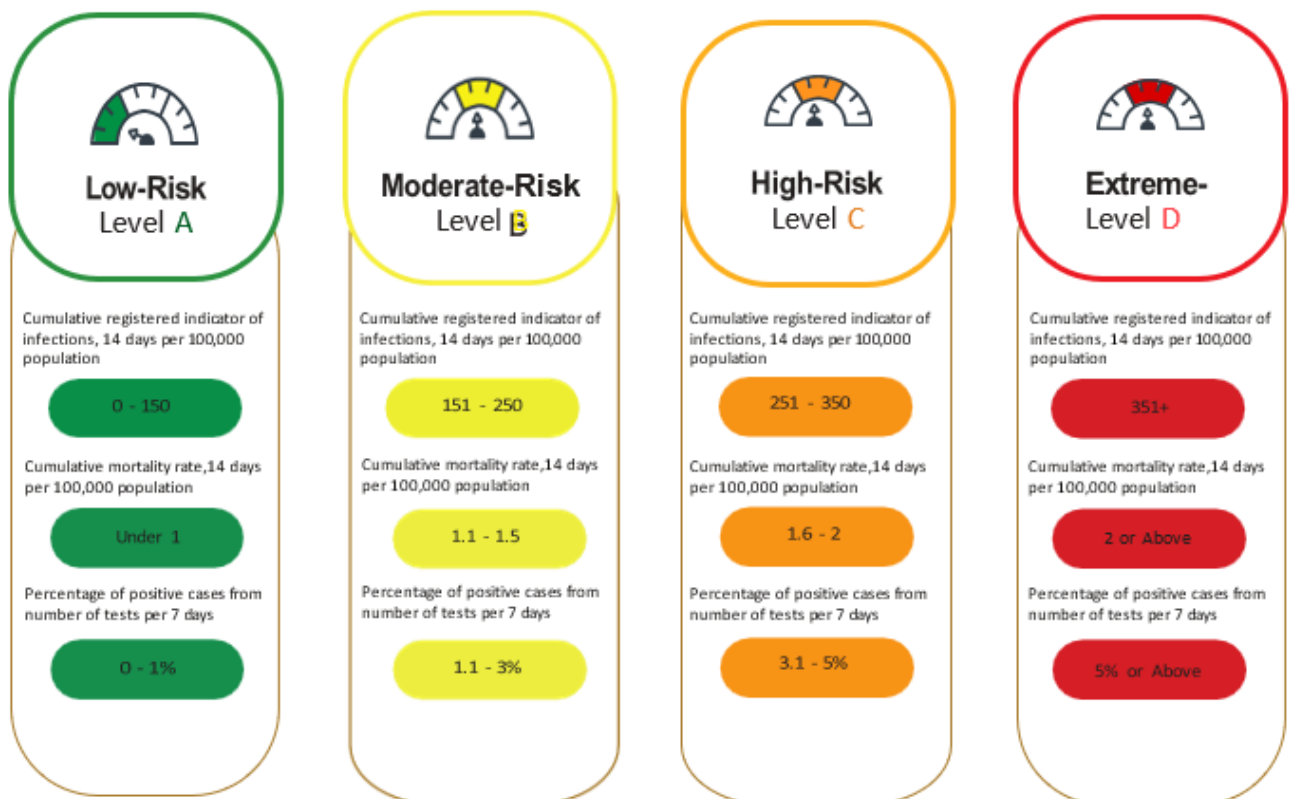

This document outlines the protocols, requirements, and precautionary measures that USTF is taking in order to achieve a safe, healthy, and learning-stimulating environment, when the university is re-opened for the academic year 2022-2023 during the Covid-19 pandemic. This document relied on the MoE Manual “Operation of Educational Establishments during the Pandemic: Protocols & Procedures”, Tenth release, April 21, 2022. Consequently, USTF operational plan during covid-19 pandemic 5th release was updated in May 2022 to the 6th release.

The following sections of the MoE Manual were followed in preparing the USTF operational plan during Covid-19 pandemic 6th release:

1. **Section One:** Levels of risk
2. **Section Two:** General Framework for the Operation of Educational Establishments in the UAE during the Pandemic
3. **Section Five:** Public and Private Higher Education
4. **Section Six:** Guidelines for Medical and Health Sciences Faculties Students during the Covid-19 Pandemic
5. **Section Eight:** Plan for Dealing with Positive Covid-19 Cases Discovered in Educational Establishments
6. **Section Ten:** Main Roles and Responsibilities

1. Levels of Risk

The Levels of National Risk in the Educational Establishments during the Covid-19 Outbreak in the UAE are illustrated below. The level of risk in Fujairah emirate is determined by the committees and Fujairah emergency, crises and disasters teams.

1.1. Main risks to be considered by USTF when re-opening its facilities:

- 1.1. The spread of the virus among students in the classroom and the common areas.
- 1.2. The spread of the virus to large crowds in confined spaces, including canteen areas, assessment areas, entrance and exit points in the educational establishments that cause crowds as a result of additional safety controls, such as temperature checks at the entrances of educational establishments.
- 1.3. The spread of the virus among workers in rooms that are shared for long periods of time.
- 1.4. Teaching and administrative staff, support service employees and students at high risk, such as those with chronic medical conditions, as well as pregnancy.
- 1.5. The transmission of the virus through food suppliers due to the use of external sources and other contractors, which leads to a higher risk of infection.

1.2. USTF activities at different risk levels

USTF planned activities at different risk levels are show in the table below. The table was prepared according to the MoE general determinants of higher education institution activities which are:

- Low-Risk Level: All activities may be conducted on campus, taking into account the institution's capacity, required physical distancing, and the general rules mentioned in this guide.
- Moderate-Risk Level: There will be a combination of on-campus activities and remote activities.
- High-Risk Level: All activities shall be conducted remotely aside from some exceptional cases.

Activities	Low-Risk Level	Moderate-Risk Level	High-Risk Level	Extreme-Risk Level
Lectures		On campus		
Problem-Solving Classes and Supporting Lessons		On campus		
Laboratories and Studios		On campus		
Exams - Quiz		A combination of on campus and remote attendance, while maintaining the allowed maximum limit of students and social distancing		
Exams - Assessment Exam		A combination of on campus and remote attendance, while maintaining the allowed maximum limit of students and social distancing		

Exams - Midterm Exam	On campus			
Exams - Final Exam	On campus			
Clinical Training (at Campus Clinics or in Hospitals)		On campus/ hospital
